

Your gift has contributed
to a safer and healthier home
for someone!

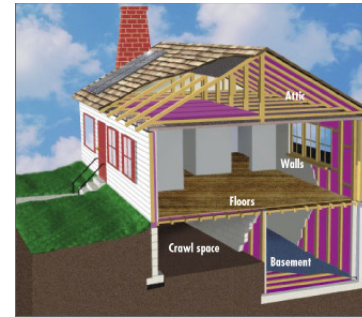

*Gifts made through this program represent
a contribution toward our mission, to bring
volunteers and communities together to
improve the homes and lives of low-income
homeowners.*

Heating accounts for 49% of utility costs in an average home and a typical home can lose up to 60% of its heated air before it reaches the register.

Our Energy Efficiency Program decreases air leaks by caulking and insulating electrical outlets, roofs, walls and doors.

An more energy efficient home
